

DELLAROBBIA®  
THAILAND

## **Warranty**

### **Warranty**

Dellarobbia offers a limited lifetime warranty on frame construction only. A one-year warranty is offered on all other materials, movable mechanisms or fixtures (excluding fabrics and leathers). This warranty is null and void when merchandise is being used in a commercial setting. Dellarobbia reserves the right to repair any product considered to be a manufacturer's defect.

### **Fabrics**

Since manufacturers of upholstery fabrics do not warranty against shrinkage, stretching, color fastness, wearability or adverse reaction to stain repellent treatments, we are unable to consider adjustments, claims, or credits for fabrics. As all fabrics have varying characteristics and can stretch (creating puddling) and or show surface wear (creating piling, etc). Dellarobbia is not responsible for claims regarding fabric wear & tear, as it is subject to specific use and or environment. It is the responsibility of the sales / design professional and/or consumer to select fabric appropriate to the intended usage and environment. If fabric treatment is desired, it is recommended that covers be removed from any feather and down cushions prior to treatment and allowed to dry thoroughly before being reapplied. Dellarobbia cannot be held accountable for any problems relating to moisture induced odor and discoloration. Odor occurs when moisture is trapped between the cover and cushion fill. Some fabrics have a natural tendency to shade with either light changes or angles. This is inherent with many quality fabrics and should not be considered abnormal.

### **Custom Sizes**

Wherever it is possible to make an item longer, there will be an upcharge of 20% for the first 6" and an additional charge of 1% for every inch thereafter. To make an item shorter in length, add a 15% upcharge. Some models cannot be modified. Please verify all modifications with the factory. Up charges are for one direction only! Please note frame height and depth can not be modified. Due to the "soft" nature of upholstered furniture, even scale drawings are, at best, approximations.
